ASK PUBLIC TO COOPERATE IN CIVIL DEFENSE TEST ON FRIDAY

The nationwide Civil Defense test that starts Friday morning and continues until next Wednesday will involve the public for only a 10-minute period Friday afternoon between 1:55 and 2:05 o'clock, Burgess William G. Weaver, Adams County Civil Defense director, said today.

"This is a timed test that begins automatically at 1:55 p.m. and we want everyone to cooperate, whether they hear the signal or not," he announced.

"Persons on the street should take shelter and traffic will stop during that 10-minute period. This is the only part of the test in which the public is involved. Other phases of the test concern Civil Defense personnel only," Mr. Weaver stated. The test hour is based upon Eastern Daylight time.

Not To Await Signal

The "red" or warbling siren signal and/or short whistle blast will be sounded at 1:55 p.m. and the "white" or steady blast will be blown at 2:05 p.m. Director Weaver has emphasized that no one is to await the audible signals but to go entirely by exact time for observing the "take cover."

The 468,000 Civil Defense workers of Pennsylvania will be called in action during the "Operation Alert, 1956," the third nationwide Civil Defense exercise on Friday involving a theoretical all-out enemy attack. Pennsylvania's activity will include both the public participation for the 10-minute period and statewide mobilization of Civil Defense forces and activities of emergency control centers. It was stated by Dr. Richard Gerstell, state director of Civil Defense.

A theoretical attack pattern will place various sections of the state under attack at slightly different times.

Most "Behind The Scenes"

Public participation will be supervised by Civil Defense and police forces.

In bringing vehicles to a halt, the State Civil Defense director cautioned all motorists "carefully to pull to one side and stop, being certain to leave at least one traffic lane and all intersections open for use of emergency vehicles."

The mobilization of Civil Defense forces and activation of emergency control centers will be chiefly "behind the scenes" as far as the public is concerned but are of great importance, C-D officials emphasized. Thousands of volunteers throughout the state, including directors and staffs, auxiliary police and firemen, mass care center workers, wardens, telephonists, clerks and others will be "called to duty." The emergency control centers will be expected to operate until 11 p.m. Friday.

To Test "Conelrad"

A part of Friday's test will be the first public use of "Conelrad" for emergency news sources. WGET will participate.

One member of each family should tune in on the "Conelrad" radio broadcast scheduled for 4:10 to 4:25 p.m. on Friday. Receivers should be tuned to 640 or 1240 on the dial.

To check on the effectiveness of the test, residents are asked to clip (Continued On Page 2)

WOMEN TOUR FIELD

Twenty members of Business and Professional Women's clubs, mostly from foreign countries, on a tour of the U. S. after attending the international convention in Montreal, visited Gettysburg Tuesday and toured the battlefield. Rufus Bushman was their guide. The women were traveling in a bus. The director of the tour was Gordon D. Herbert, of Kelowna, British Columbia.

Private Engineering Firm Opposes Boost In Pike Tolls

HARRISBURG — A private engineering firm today recommended against any increase in passenger automobile tolls on the Pennsylvania Turnpike until after November.

At the same time, the report cited "the immediate urgency for realistic reduction in truck toll schedules."

The recommendations were made to the Pennsylvania Turnpike Commission by Michael Baker Jr., Inc., nationally known consulting engineers from Rochester, Pa.

The commission hired the firm in May a few days after putting off indefinitely proposed automobile and truck toll revisions. The commission had proposed increasing automobile passenger tolls about 40 per cent and decreasing truck tolls about 20 per cent for trips across the turnpike.

One of 11 major recommendations presented to the commission said:

"We further recommend that the commission give no consideration to a revision in tolls on the entire (turnpike) system until the entire system has been completed and in operation as a complete unit for one year (including the northeastern extension, first section)."

The southern leg of the 110 mile northeastern extension from near Norristown to near Allentown was opened to traffic Nov. 23, 1955. The one year recommendation would bring earliest possible toll revisions, as recommended by Baker, to Nov. 23, 1956.

Another recommendation calling for "realistic" truck toll revisions at the earliest possible date said such changes would "retract the trucking industry to use the full length system."

Elaborating on the truck toll recommendation, the Baker report urged the commission "to give consideration a ton-mile schedule (Continued On Page 3)

Boy May Lose Sight

George Gilkin Jr., 10, lies in Philadelphia hospital bed with his father at his side. The boy may lose sight of both eyes. The police say George and a playmate were burned when two other boys, said to have admitted the act, threw lye found in a bottle on a city lot. George's playmate suffered burns on both legs.

Paul Anzengruber Shows Improvement

Paul E. "Bud" Anzengruber, proprietor of the Blue Parrot Tea Room, who was badly injured in an automobile accident on the Lincoln Highway, east of Gettysburg, April 14, is showing some improvement at the Veterans' Hospital, Richmond, Va., to where he was removed from the Warner Hospital several weeks ago. He is in ward 37.

Anzengruber has been propped up in bed on many occasions and this week was transferred to a wheelchair and taken out-of-doors, the first time since the accident which left his legs paralyzed. He is also able to do exercises with his arms and feeds himself.

MAITLAND BROS. GET CONTRACTS

Contracts for the improvement of a borough street and for the construction of sanitary sewer extensions on sections of four streets in Hanover were awarded by the Hanover borough council Wednesday evening to the Maitland Brothers of Littlestown, who submitted the low bid in each instance.

The Maitland firm was awarded the contract to repave Park Ave. from Carlisle St. to High St. at a low bid of \$15,868.22. There were three other bidders.

The contract to build sewer extensions on parts of McKinley Ave. and Eichelberger, McCosh and Charles Sts. also was let to the Maitland Brothers at a bid of \$6,412.72, plus \$18.50 per cubic yard for rock encountered. There were also three other bidders for that contract.

Maitland Brothers submitted the next to lowest bid for another contract awarded in Hanover Wednesday evening by council. It was for the surfacing of a section of E. Walnut St. The low figure of \$5,094 was submitted by the H. J. Williams Company of York. The Maitlands' bid for that job was \$5,227.65. There were two other offers.

PLAN OPENING

The Home Association of the Fairfield Post No. 172 of the Amvets has announced a grand opening of their new post home near Fairfield Friday evening at 8 o'clock.

NEW ASSESSOR IN LITTLESTOWN RESIGNS POST

Adams County Commissioners at their weekly meeting Wednesday accepted the resignation of a Littlestown assessor and renewed an agreement with the Allegheny County workhouse for the care of Adams County prisoners confined there.

Robert Crouse, who was appointed assessor for the first ward of Littlestown about a month ago, submitted his resignation because of "the pressure of other business." The position was not filled Wednesday.

Commissioners' Clerk Clarence C. Smith said the assessment of about 16,000 county properties for 1957 is underway now and is to be completed by August 1. Owners will be notified of changes in their assessments and if they wish they can arrange for appeal hearings before the commissioners, sitting as the board of assessment revision and appeal. About 150 appeals were heard last year, a decrease of more than 500 from the year before.

Get Bill For \$3,145

The agreement with the Allegheny County Workhouse, which is renewed each six months, provides for care of Adams County prisoners there at the rate of \$2.01 per day, the same as for the last six-month period. The Allegheny County Workhouse is one of the less expensive institutions where county prisoners are kept, Mr. Smith said.

The county's bill at the workhouse for the last six months was \$3,145 when 15 prisoners from Adams County — three of them women — were confined here for a total of 1,560 prisoner-days. Two of the 15 were discharged during the period and some were sent there during the last six months.

The entire bill was for daily care except for \$9.90 for transportation of the two discharged prisoners back to Adams County. The old rate on transportation was \$4.95 per prisoner but the new agreement sets the figure at \$5.06.

The county annually pays between \$50,000 and \$60,000 for the confinement of county prisoners outside the county.

The commissioners discussed with officers of the Adams County Home Auxiliary proposals for improvements there.

CONCERT TONIGHT

This evening the Blue and Gray band will present another of its summer concerts at 8 o'clock in Lincoln Square. Band members are asked to report in full uniform. In case of rain, the band will hold a rehearsal at the engine house.

BOND GOES BEGGING

A \$25 war bond is going begging. The individual holding ticket number 6412 is not is not known to the Gettysburg firemen and they asked The Gettysburg Times to announce that the bond will be given to the person if he or she produces the duplicate card. It is to be given to Donald Hammers.

CALLED TO FIRE

A brief fire at the Liberty Stone Quarry, Zora, which began in wiring, was extinguished 15 minutes after it started Wednesday afternoon at about 12:10 o'clock by the Fairfield Fire Company. Very little damage was caused, reports said, because the fire was spotted by workers at once.

Loyal order of Moose members will meet at 7 o'clock tonight at the Moose Home and march to the Bender Funeral Home viewing of our departed brother, John E. Sanders, Charter Member.

DR. JOHN C. WOOD IS GIVEN \$3,600 RESEARCH GRANT

Dr. John Chase Wood, son of Rev. William W. "Bill" Wood, former football coach at Gettysburg College, and Mrs. Wood, and former residents of Gettysburg, has been awarded a \$3,600 research fellowship by the Heart Association of Southeastern Pennsylvania. It was announced today by Dr. Hugh Montgomery, Ardmore, president.

Dr. Wood was assistant to Col. Thomas W. Mattingly, chief of cardiology at Walter Reed Hospital. Col. Mattingly was one of the consulting physicians when President Eisenhower had a heart attack last summer.

The presentation was made at Smith Kline and French, Inc., Philadelphia, pharmaceutical manufacturers, by Furness Thompson, Ithaca, vice president-in-charge of research and development and a trustee of the Smith Kline and French Foundation, which provided funds for the fellowship.

The 30-year-old former Army captain, who lives at Secane, Pa., was released from his post at Walter Reed July 1, after two years' service. For extended periods, he was in charge of the hospital's Department of Cardiovascular Disease, while Col. Mattingly was absent — including the time his chief attended President Eisenhower in Colorado following the president's heart attack.

During the coming year, at the University of Pennsylvania Hospital, Dr. Wood will study electrical and mechanical changes in isolated hearts (hearts removed from laboratory animals and kept functioning artificially).

With the use of radio-active isotopes and other methods, he hopes to learn the relationship between blood pressures and speed of flow of blood to the contraction and relaxation of the heart (heart beat). Also, the same relationship to the metabolism of the heart muscle.

This investigation will be carried on with Dr. Hadley L. Conn, assistant professor of medicine at the university and an established investigator of the American Heart Association. They will work under the direction of Dr. Francis C. Wood, professor of medicine, and Dr. Calvin Kay, associate professor of medicine, sponsors of Dr. Wood's fellowship application.

The young researcher served a traineeship in cardiology under Drs. Wood and Kay at Penn from 1952 to 1954. For two years before that, he was a resident in general internal medicine there. He went to the university hospital for his internship after receiving his medical degree at Columbia University's College of Physicians and Surgeons in 1949.

Graduating first in a class of 800 from Curtis High School, Staten Island, N. Y., in 1943, Dr. Wood entered Yale University's Sheffield Scientific School for pre-medical training on a scholarship.

He was born in Gettysburg, Rev. Mr. Wood's father, has been chaplain of Sailors Snug Harbor, Staten Island, for 26 years.

Dr. Wood's wife, Ruth, is a native of Staten Island. They have three sons: John Jr., 5; Robert, 4; and Peter, 2.

GETS SUMMER TRAINING

Terry C. Lower, son of Mr. and Mrs. H. D. Lower, Guernsey, is attending four weeks of summer training at Lockbourne AFB, Columbus, Ohio. This is part of his reserve officer training as an Air Force ROTC cadet at Bowling Green State University. Following graduation there, he will be eligible for appointment as a second lieutenant in the Air Force Reserve and for entry into flight training to win the coveted silver wings of an Air Force pilot.

Pictures Of 6 Dead Marines Are Introduced In Trial Today

PARRIS ISLAND, S. C. — Pictures of six corpses—the bodies of six Marine recruits drowned on a forced march into a swamp—were introduced into the court-martial of S.Sgt. Matthew C. McKeon today.

McKeon's attorney, Emile Zola Brennan of New York, objected strenuously on the grounds that he already had conceded the deaths and the only purpose of the "macabre" pictures was to inflame the court-martial board.

The 31-year-old staff sergeant from Worcester, Mass., is on trial for leading the six recruits to their death last April 8 in a soggy mud flat over which water flows from Ribbon Creek at high tide.

Four Charges

McKeon is charged with involuntary manslaughter, oppression of recruits, drinking on duty and drinking in the presence of a recruit. All stem from the night march of Platoon 71.

As each photograph was offered in evidence, Berman objected on the grounds that they were "inflammatory and gruesome."

Teacher Committee Meets This Evening

A special meeting of the Teacher committee of the Gettysburg Joint School district will be held this evening at the high school building to begin interviews of applicants for the position to become vacant December 31 when the resignation of Dr. Lloyd C. Keefe, superintendent of schools, will be effective. The committee is expected to make a report to the full board at its August meeting when the election of the new superintendent will take place.

MOTHER OF TEN CHILDREN DIES

Mrs. Goldie Orner Reese, 38, wife of Vincent Reese, died this morning at 12:45 o'clock at her home in Iron Springs of a heart condition following an illness of five years.

A native of Iron Springs, she was the daughter of the late John and Alice McClellan Sanders.

Surviving are her husband; ten children, Mrs. Dorothy Brunner, Chambersburg; Mary Alice Reese, John B. Reese, George E. Reese, Charles C. Reese, Marie C. Reese, Judy Ann Reese, Larry J. Reese, Betty Jane Reese and Barry Reese, all of Iron Springs; one grandchild; two sisters, Miss Alice Sanders and Mrs. Myrtle Smith of Iron Springs; and two brothers, Benjamin Carson and Luther Sanders, Iron Springs.

Funeral services will be held Saturday afternoon at 2:00 o'clock at the Allison Funeral Home in Fairfield with the Rev. Verle Schumacher officiating. Interment will be in the Fairfield Union Cemetery.

Friends may call at the funeral home Friday evening from 7:00 o'clock.

Visited Swamp Area

His ruling came after Berman said that if McKeon took the stand and the pictures were shown to him, he would submit a motion for mistrial.

"They will not be used," Klein said, "for the purposes of shaking the accused."

Yesterday the court visited the swamp-edged creek into which McKeon marched his recruit platoon.

Misunderstanding On Photos

A misunderstanding barred newsmen from accompanying the court to the creek. Since the court legally was in session, Col. Edward L. Hutchinson of Woodbury, N. J., ruled no pictures could be taken during the inspection. The order was interpreted by subordinates to mean all members of the press were barred.

Members of the court permitted pictures to be taken as the party returned from the creek. Photographs (Continued on Page 3)

4-H Club To Hold Chop Suey Feed

The 4-H Cook-Out Club of Harney Road met Tuesday afternoon at Alloway Creek where the club prepared and served chop suey, cinnamon toast and lemonade. Plans for Day Camp and Round-Up were discussed at a short business meeting.

The next club meeting will be held at the home of Linda Oberlander July 31.

TRAFFIC SURVEY PROGRESSING ON SCHEDULED TIME

The traffic survey of Gettysburg being conducted by the state Department of Highways is progressing according to schedule, Richard S. Hackman, research engineer for the department, and in charge of the work here, said today.

Currently some of the men are interviewing motorists who have parked their cars. The interviews take place at curbs, in public and private parking lots with a capacity of four or more cars. The interviews in private parking lots are made only with the consent of the owner of the lot.

Three questions are asked the motorist: Where is he going after he parks his car? Where he came from? and what is the purpose of the trip. The interviewer also checks the length of time the car is parked and in which state it is registered.

Plans Research Project

All the blocks in the business district of Gettysburg have been measured and Lincoln Square will be measured this week.

Hackman said that about August 1 he will conduct a research project for the United States Bureau of Public Roads. The project involves comparing the assessed valuation of the land with the parking demands. All the work will be done in the assessor's office Hackman said.

External interviews, that is interviewing motorists at the edge of town, will continue through August.

Turning counts in town and on the battlefield are continuing. This involves counting the number of cars approaching, passing and turning at given or designated spots.

Results Next Summer

Hackman said he also will make a survey, in the early future, of illegal parking, on the streets and in alleys.

The information, however, will not be made available to police officers.

The report to the borough council on the completed survey will be made some time next summer.

LIGHTER SPEAKS

Richard C. Lighter, vocational agricultural supervisor in Adams and Franklin Counties, was one of the speakers at a meeting Tuesday evening at Chambersburg of eight agencies cooperating with the Franklin County Soil Conservation district. Mr. Lighter discussed the contests his organization sponsors in land management for FFA chapters.

TRAFFIC CHARGES FILED

Earl Davis, 39, 351 E. King St., Littlestown, was charged with a stop sign violation at Third and High Sts., Hanover, and Thomas E. Smith, 45, New Oxford R. 1, with failing to have his license signed in information filed by police with Justice of the Peace William Y. Nail Jr.

Adm. Stump Heads U.S. Forces In Pacific-Asiatic Theater

WASHINGTON — The top U.S. military headquarters in the Far East has been ordered moved from Japan to Hawaii, where it was before Pearl Harbor.

In a companion action late yesterday, the Defense Department announced it was shifting from the Army to the Navy the top command of all U.S. land, sea and air forces in the vast Pacific-Asiatic area. This too was the way it was before World War II.

Adm. Felix Stump, now Navy commander in chief in the Pacific, was designated to assume overall leadership of American military forces in that theater when the changes become effective next July 1.

Gen. Lyman L. Lemnitzer currently is U.S. Far East commander and head of United Nations military forces. His headquarters are in Tokyo.

It was emphasized no major shifts of American fighting units are planned. Remaining in Japan will be a headquarters for U.S. forces that will continue on duty there. But the U.N. military command is to be moved to South Korea.

The Defense Department described the Far East Command changes as a centralizing and simplifying move.

In addition to ordering consolidation of the Far East Command with the Pacific Command, the department directed the abolishment of separate air defense commands in Alaska and the Canadian-Greenland north-east approaches. Effective Sept. 1, these will be placed under the continental Air Defense Command at Colorado Springs, Colo.

A Pentagon spokesman said the new program would mean fewer headquarters in the Far East, Alaska and the Northeast. Some Congress members have criticized the size of some headquarters staffs.

QUAKERS WERE ALARMED OVER RED SITUATION

PHILADELPHIA (AP)—Testimony before a congressional subcommittee yesterday laid bare the hurt caused in a Quaker religious group by the hiring of a librarian once accused of being a Communist.

Members of the suburban Plymouth Meeting unit of the Religious Society of Friends (Quakers) testified that retaining the librarian split the meeting into factions. They said it cost the library the financial support both of the township in which it was located and of the Community Chest. An American Legion post also criticized the meeting, it was testified.

Refuse \$5,000 Gift
On the other side, the action brought the Meeting a \$5,000 award from the Fund for the Republic for what the fund termed the Quaker group's "courageous and effective defense of democratic principles."

This gift was the focus of yesterday's inquiry by a subcommittee of the House Un-American Activities Committee. Rep. Walter (D-Pa.) presided at the hearing.

Mrs. Lillian Tapley, chairman of the Plymouth Meeting Library Committee told the subcommittee yesterday the \$5,000 gift had "sounded just like a lovely fairy tale." The gift never was accepted by the Meeting, which was unable to agree on the matter. The money has been held in escrow since the award.

Isaac J. Sheppard, president of Peerless Paper Mills, testified that he resigned from the Library Committee because of the hiring of the librarian, Mrs. Mary Knowles, who had been identified as a Communist before the Senate Internal Security Committee by Herbert Philbrick, an FBI undercover agent. Sheppard said only four of the eight members of the committee had approved hiring Mrs. Knowles. He said that he had objected, and three other members were absent at the time.

Probed Meeting Situation
Earlier Mrs. Maureen Black Ogden, a research worker who investigated for the Fund for the Republic before it made the \$5,000 award, said she had interviewed only one person in the Meeting who was opposed to Mrs. Knowles. But she said she had read newspaper accounts of opposition. She said her job was to investigate the Meeting situation, not Mrs. Knowles' background.

"The fact is," Rep. Walter remarked at this point, "that neither you nor the Fund for the Republic were ever concerned whether she (Mrs. Knowles) was a Communist."

Several witnesses testified the weight of sentiment both in the Meeting and in the community had been against the permanent hiring of Mrs. Knowles. Before her hiring she had refused to tell a Senate committee whether or not she had ever been a Communist.

Couple Is Honored On 50th Anniversary

Mr. and Mrs. William Stallsmith, Orrtanna R. 2, were honored recently at a surprise 50th anniversary celebration by their children and grandchildren at their home near Cashtown. Mr. and Mrs. Stallsmith were married July 17, 1906, in Arendtsville by the Rev. D. F. Koser. Mrs. Stallsmith was the former Maude Wierman, daughter of the late Alfred A. Wierman, who owned and operated the mill near Arendtsville.

At the anniversary party, dinner was served on the lawn by the children. Gold dominated the color scheme of the table decorations including placemats, candles and a five-tier wedding cake lighted by fifty candles and topped with miniature wedding bells.

Mr. and Mrs. Stallsmith are the parents of five children, four of whom are living. They are: Mrs. Mildred Miller, R. 4; Kenneth Stallsmith, Chambersburg R. 1; Mrs. Julia Goren, Gardners R. 1; Mrs. Lena Miller, R. 5. There are also eleven grandchildren and six great-grandchildren.

Elton Y. Kessel Is Sent To Columbus, O.

Elton L. Kessel, formerly of Gettysburg, who recently returned from overseas duty with an Engineer Section at Camp Zama, Japan, has been transferred to Columbus, O., where he has been assigned to the U. S. Engineer Maintenance Center as chief of the service information section. That section prepares and publishes technical data for construction equipment which is disseminated worldwide to military units.

In Japan he was assigned to the chief technical research and advisory staff. His duties involved travel throughout Japan, Korea, Guam and the Philippines.

Mr. and Mrs. Kessel and children, Suzanne and Elton Jr., are residing at Beverly Manor, Apt. 2, 3104 Bellwood Court, Columbus 9, O.

Mrs. Kessel is the son of Evers Kessel, who is presently chief of the engineer maintenance office at Yokohama, Japan, and Mrs. Elsie Kessel, Gettysburg R. 4. Mrs. Kessel is the former Mary Bollinger, daughter of Mr. and Mrs. Maurice W. Bollinger, 122 E. Middle St.

Mrs. Paul W. Baker was matron of honor and her husband served as best man. They are aunt and uncle of the bridegroom.

A reception was held at the home of the bride. Both Mr. and Mrs. Kline are employed at the Cambridge Rubber Co., and will reside near Taneytown.

Few Pharmacists "Get Into Trouble"

PITTSBURGH (AP)—John J. Hughes, chairman of the state pharmacy board, says only two per cent of all the pharmacists in the state ever get into trouble.

"Of 1,400 complaints investigated by the board last year," Hughes told the Pennsylvania Pharmaceutical Assn. yesterday, "only 35 were justified." He said seven of the 35 were convicted.

In a resolution, the association called for thorough enforcement of state laws governing the practice of pharmacy.

Before adjourning, the pharmacists named John M. Wyble of Apollo president-elect, Arthur K. Bolt was elected president of the Traveling Men's Auxiliary of the PPA.

2,808 LICENSES ISSUED
A total of 2,808 fishing licenses were issued in 1955 in Adams County. 2,671 went to residents, 35 to non-residents, 101 to five-day tourists and one was given free.

County Treasurer Jacob G. Apple described the 1956 fishing license business here as "slow."

UNIVERSITY PARK, Pa. (AP)—Samuel M. Reck, Rutgers University, today began his duties as president of the American Assn. of Agricultural College Editors.

Also elected yesterday at the close of the group's annual convention at Pennsylvania State University was Elton B. Tait, Pennsylvania State University, as a director.

GOVERNOR SAYS YOUTH BENEFITS CONCERN ADULTS

PHILADELPHIA (AP)—Gov. Leader today hinged future benefits for the children of Pennsylvania upon an enlightened citizenry.

"In our system of representative government we must depend upon an enlightened citizenry for support," he said in a speech prepared for the annual state convention of the American Legion.

"I think you will be pleased to know that the government of Pennsylvania is building for the future. We too have put the accent on youth," he said.

But he cautioned Legionnaires that the government can't do the entire job alone. After outlining the accomplishments of his administration for children the governor declared:

"We look to our citizens and to the groups our citizens form, join and support for guidance and impetus. For it is up to you after all to make your wishes known to those you select to run your government."

Leader Supports Youth
He assured Legion members that as long as groups within the state continue their interest and support the "Citizens of Tomorrow" the government will do the same.

"We cannot, without shame, turn over to our children less freedom, less opportunity, than we inherited from our fathers. For these, the substance of democracy, have been too painstakingly amassed to allow of prodigal waste."

All main sessions are being held in Convention Hall, and for the first time in its history the meetings are open to the public.

This is being done, officers said, with the hope that people will avail themselves of the opportunity to find out more at first hand about the Legion's aims and programs.

Hold Memorial Service
Legionnaires and members of the women's auxiliary piled into town yesterday for registration and first meetings of policymaking committees.

Today's opening ceremony was a memorial service, with the dedication of a bronze plaque in honor of the war dead. Later the plaque will be placed near the Lincoln Monument in the cemetery at Gettysburg.

State Commander John F. Stay of Philadelphia has invited actress Gae Sodergaard, a controversial figure in congressional investigations, to address the convention. He said the Legion issued the invitation because of "its belief in the American tradition of fair play."

A smuggler in Mexico chose a novel hiding place for his loot. Custom officials found thirty-five expensive dresses, fourteen skirts, four raincoats, eight two-piece dresses and nine coats stowed neatly in the air-conditioning system of a Pullman of the luxury tourist train, "Aztec Eagle." But they didn't catch the smuggler.

The earliest known railroad photograph, more than one hundred years old, is preserved in Victoria and Albert Museum in London. The picture was taken in 1851 and shows Locomotive No. 136, the Folkstone, as she appeared on exhibition at Hyde Park, London. The Folkstone was built for the South Eastern Railway and was designed by Russell Crampton, English engineer best known for his Safety Locomotive which proved that an eight-inch wheel on a narrow gauge had the same virtues of speed and steadiness as a seven-inch wheel on a broad gauge.

Rabari Jai-Mala, a native of India, went to extreme lengths to persuade a man to repay a loan of \$1,000 — he derailed a train on which his debtor was traveling. He previously had written an anonymous letter to the debtor, warning him of serious consequences if he did not repay the loan. As a result of his drastic act, Rabari Jai-Mala received a five-year prison sentence at Ahmedabad, India.

Utility Ordered To Reduce Rates

HARRISBURG (AP)—The Public Utility Commission today ordered the Pennsylvania Power and Light Co. to reduce its rates \$1,366,156 annually by Aug. 1.

At the same time the commission ordered the utility to make refunds with interest to 572,000 consumers, mostly residential, for a 17-months period. The company operates in 28 central and eastern counties.

The commission's order was the result of a rate complaint filed by 23 industrial firms.

The commission found that P.P. & L. system-wide charges have been too high since Feb. 28, 1955, when large quantity-used rates were revised.

LESS FEAR NOW OF WAR THAN AT GENEVA TALKS

By JAMES MARLOW
Associated Press News Analyst
WASHINGTON (AP)—What has happened to the "Geneva spirit" in the 12 months since President Eisenhower had his pleasant summit meeting—it opened a year ago this week—with the Russians in Switzerland?

This much, at least: There is less fear of war. Both sides are talking of making huge cuts in their armed forces too. But the United States and Russia still stiff-arm and belittle each other.

What can't be known is this: How much better would the Geneva results be now if Eisenhower, instead of being ill for months since July, had been in a position to assert leadership and give this country a better sense of direction?

Three Main Goals

In their closing announcement at Geneva, Eisenhower and Russian Premier Nikolai Bulganin laid down three main goals: German reunification; disarmament; increased trade and elimination of barriers between the United States and Russia. The result?

The two sides are as far apart as they were before Geneva on German unity. Disarmament agreement seems no nearer. Exchange of visitors has picked up. And this country has made it easier to ship nonstrategic goods to Russia.

Since last July Eisenhower and Bulganin have exchanged several letters on disarmament. These letters only accentuated the distance between them. But the personal relationship, established at Geneva, may be useful in other ways later.

Speak Highly Of Ike

The Russians speak highly of Eisenhower but of practically no one else here. They haven't stopped their anti-Western attacks. But they've spaced them out more. As if to celebrate the Geneva anniversary like a ploy, this week Communist party boss Nikita Khrushchev made one of his worst anti-West attacks.

The Geneva conference seemed to confirm what has become increasingly evident: that a world war was becoming more and more impossible since the United States and Russia had accumulated such terrible weapons of destruction and retaliation.

The Russians, apparently acting in the belief that with war ruled out they must turn to more peaceful and obvious means of conquest, began to do what they could to make hay in a hurry.

Acting Shrewdly

Bulganin and Khrushchev, acting like men of the best intention, made trips around, offered their neighbors economic help, sought without saying so to weaken

with the continuance of the dynamic weighing practice.

Weights And Mileage

Toll mile rates would be based upon how much weight is carried how many miles.

One of the financial economies recommended by Baker would be to put off of a 1 million dollar tunnel lighting improvement project.

"While we agree that the lighting should be corrected it does not appear to come under the heading of an emergency and can be deferred for several years," the report said.

The Baker report followed by a week a report by a Senate investigating committee which said it found "no justification whatever" for any toll increase on the turnpike. The committee said that facts presented at two public hearings "do not warrant any increase of toll rates at this time."

Discussing alternate financial solutions "for future consideration" the report said that re-financing the turnpike system by issuing new bonds "is not economically sound, necessary nor the intent of the commonwealth."

CRASH TOLL IS 46

FT. DIX, N.J. (AP)—The death of Texas soldier has brought the toll in last Friday's military transport plane crash to 46.

Army S/3C Jesse Banks Jr., 22 of Navasota, Tex., died yesterday in the Army Hospital from a blood clot in the lung, according to Capt. Thomas Harwick, Army public information officer.

American ties with other countries everywhere.

There can be no doubt the Russians have been acting shrewdly and effectively. But while they were gaining in influence with their new tactics, in this country there has been a sense of drift.

The American government—because it seems at the moment unable to think of anything new to offset or counter the Russians—has been sticking to the old tactics which were created when war seemed much closer than now.

Imagination Needed

If Eisenhower hadn't been ill in this period, he might have offset the Russians, or even brought them into more agreement, with new ideas and bold decisions. American foreign policy has simply marked time while he was sick.

Some have been critical of the Geneva meeting, feeling that if Eisenhower hadn't gone there, the Russians wouldn't have been able to give an appearance of reasonableness.

This sounds like stand-patting, based on the assumption that the Russians don't have imagination and vitality to do what they did anyway. What is needed now is more American imagination and vitality.

GOP SENATORS SCORE ATTACK ON HEALTH OF IKE

By ERNEST B. VACCARO

WASHINGTON (AP)—The presidential campaign gathered heat today as the aftermath of a bitter Senate floor exchange over President Eisenhower's health.

Senate Republican Leader Knowland (Calif.) and Sen. Goldwater (Ariz.) challenged yesterday a speech in which Sen. McNamara (D-Mich.) said presidential press secretary James C. Hagerty "is shielding the American public from the truth" about Eisenhower's health.

McNamara called it "one of the most masterful suppressions of the facts ever put across by the advertising techniques of Madison Avenue."

Goldwater took issue with McNamara, saying:

Not Under Sedatives

"I deplore the use of the political technique which has been used in this body, where it has been suggested that the President of the United States is operating under sedatives, that the President does not even know his own condition."

Goldwater added that the political campaign can be conducted "on a much higher plane than that."

This was in reference to McNamara's assertion that Hagerty calls in the press and makes "announcements that the President is making important decisions."

"But does any newspaperman point out that those decisions were made—if they actually were made—when the President was still under sedatives; when he could not be making decisions or should not be if he really was?" the Michigan Democrat asked.

Knowland Is Angry

His face flushed, and his voice angry, Knowland said, "It seems to me that the remarks cast reflection upon the integrity of the President of the United States. They cast reflection upon the integrity of the able and outstanding men of the medical profession who have attended the President."

Knowland said he hoped that no one on either side believes Eisenhower "would deliberately misrepresent to the American people the condition of his health or his ability or his capacity" to serve as president.

McNamara denied he had reflected on Eisenhower and insisted his speech was aimed at his alarm "at the apparent manipulation of facts and the lack of information in the press" on the subject of the President's health.

"I am quite sure the President has not been a party to the shotgun medical bulletins and the huckster propaganda barrage from Madison Avenue that has been fired at the American public from his bedside," McNamara declared.

He said that few newspapermen have been able to "tear down the 'Hagerty curtain.'"

JUDGES ELECT CAROL MORRIS BEAUTY QUEEN

By JOHN BECKLER

LONG BEACH, Calif. (AP)—The dark-haired daughter of an Iowa minister reigned today as the queen of America's entries in the Miss Universe contest.

Stately Carol Morris, 20, of Ottumwa, who "wished upon a star" as she entered Long Beach Municipal Auditorium last night, had that wish come true when she was named Miss United States.

The Drake University junior won out in the final judging of 16 girls who had been chosen from the original field of 43 Americans in the contest.

Twenty-nine foreign beauties will make their first appearance before the judges tonight and 15 will be selected to vie with Miss Morris for the title of Miss Universe in the final stage of the contest tomorrow.

Has 36-25-36

The new Miss U.S.A. is 5 feet 7, weighs 129 pounds and has a 36-25-36 figure. Blue eyes contrast with the dark brown of her hair.

Miss Morris, who serves as a lifeguard in Ottumwa during the summer, risked her chances for success by taking a dip in the ocean yesterday and getting her hair wet.

"I couldn't do anything with it," she said, "I didn't think I had a chance to win but I did wish upon a star, the first star I saw — and it came true."

Miss Morris is the only child of the Rev. Laverne Morris, pastor of the Davis Street Christian Church in Ottumwa, and Mrs. Gertrude Morris.

Emmitsburg

EMMITSBURG: Mr. and Mrs. Roger Zurgable and sons, Jeffrey, Gregory and Mark, left Tuesday morning for a vacation trip through the New England states. They will visit with Mr. and Mrs. Harry Jones and family in Boston, Mass.

Mrs. Clarence Sanders visited Sunday and Monday in Baltimore with her son and daughter-in-law, Mr. and Mrs. Owen Sanders, and family.

Virginia Louise Topper, daughter of Mr. and Mrs. Daniel Topper and a graduate of St. Joseph's High School, class of 1956, has accepted a position in the business office at St. Joseph's College.

Donald Rodgers, Baltimore, is spending the week at the home of his parents, Mr. and Mrs. Thornton Rodgers.

Dolores Zurgable is in Kansas City, Mo., where she is receiving training for an air line hostess. She will first be a receptionist on ground duty. Miss Zurgable was formerly employed as cashier at the local American Store. Mrs. Roger Adams has succeeded her as cashier.

Former Boss Testifies

McKeon's former boss for recruit training took the witness stand yesterday. Lt. Col. Robert A. Thompson of Syracuse, N.Y., said a march such as McKeon ordered was maltreatment.

"Without adequate reconnaissance, without adequate safeguards . . . with full knowledge that members of the platoon could not swim," said Thompson of a hypothetical case similar to McKeon's, "it would be maltreatment."

Thompson declared that he had never heard of similar night marches in his battalion.

Tell Of Tragic Night

Concluding witness yesterday was this 5,000-acre training center's provost marshal, Maj. Stanley M. McLeod of Spring City, Pa.

McLeod, a former enlisted man, described the events of the night of April 8 as he figured in them.

He testified he got a call about 9:45 p.m. to come to the creek behind the butts of Rifle Range C. There he organized a search for the missing recruits, lost in the tidal waters.

TWENTY YEARS AGO

Scouts Return From Conewago:
Members of the Presbyterian Boy Scout Troop No. 76 have returned to Gettysburg after spending a week at Camp Conewago, near New Oxford. The camping period was supervised by Charles W. Beachem, scoutmaster. He was assisted by Robert Lefever and John Caskey. Norman Caskey served as cook during the week. The scouts who attended the camp were Fred Anzenberger, Ed Bertram, Louis Beard, Warren Beard, Robert Carter, Lester Carter, Albert Caskey, Wilbur Cawthorn, Bob Deardoff, Dick Deardoff, Ted Deardoff, Dick Fidler, Robert Fissel, George Fissel, Bob Fortenbaugh, Jack Glenn, Fred Hankey, Selmar Hess, Gene Hess, Donald Mackley, Norman Myers, Don Oyler, Don Price, Bill Price, Ed Rinehart, Jim Sanders, F. Smith, Harvey Smith, Herbert Smith, Sam Snyder, Ed Snyder, John Warner and Don Wickerham.

Hospital Cared For 117 In June:
Records for the month of June at the Annie M. Warner hospital show that the month recently ended was one of the busiest in the fifteen years the hospital has been serving the community.

The monthly report on activities prepared by Miss Martha McKay superintendent, for the directors, shows the following facts: Number of patients admitted in June, 117; number discharged, 107; births, eight; deaths, five; number of patients remaining at the end of the month, 35; average number of patients per day, 32.

Snyder Named Officer Of State Post Office Clerks: Jesse E. Snyder, local postal clerk, was named second vice president of the Pennsylvania branch of the United National Post Office Clerks' Association at the annual convention of the organization Sunday at Butler.

Locate Veterans' Graves: Names of over 3,500 veterans of all wars buried in Adams county have been listed by persons employed here on the WPA graves registration project. The records of nearly half of the veterans have been completed, according to Elmer Dillman, project head.

Musician For Pa. Rebekahs Is Installed: Mrs. Naomi Schwartz, Littlestown R. 1, a member of Mary Gettys Rebekah lodge of Gettysburg, was installed as musician of the Rebekah assembly of Pennsylvania by state officers at the regular meeting of the local organization Thursday evening in the Odd Fellows rooms in the First National Bank Building, center square. About 75 members and guests of the local lodge attended.

Mrs. Schwartz had been chosen musician of the state assembly at the regular convention of the organization in Pittsburgh last month.

High School's Two New Units Half Finished: The construction of the class room and gymnasium additions to the Gettysburg high school has passed the half-way mark, Superintendent Lloyd C. Kefauver announced today.

Excavation for the northern, or class room, unit was begun March 17 and about 10 days later workmen started to excavate for the gymnasium wing.

Today's Talk

CHARACTER IS EVERYTHING

Character is the sum total of all that a man is. It is himself, and as such he is appraised. The commercial work of the world is carried on because there must be character in it. A nation without character is destined to crumble and finally die out. Read your history. Learn of those nations that faded away for lack of character. Civilizations have thus been smothered. I often think of the character that backs the millions of bank checks that pass over the counters of banks each day. Rarely is one a bad one.

Loans are made largely on character. The economy of a nation would get into dire straits if the banks did not believe in the character and backing in securities which are the life of trade and good will. There is more investing in common stocks today than ever before because people have learned to have confidence in the character of management.

Look to character. There is no better security in the world! Never have so many stockholders attended the annual meetings, where there is frank and honest discussion between the owners of stocks and the management. Attractive terms are made by great corporations today to their employees to buy stock in the concern where they spend so much of their life. It is a good sign. Famous is the statement of the elder J. P. Morgan, who once stated that he often loaned a million dollars on the character of a man, rather than his securities. Billions would not be spent for life insurance if people did not have confidence in the character of our great insurance companies. The best thing that a salesman carries with him to a prospective client is the character of the salesman himself. Let him leave a trail of trust behind him at all of his calls and he will return many times later, each time to reap more for his company — and himself.

Tomorrow Mr. Adams will talk on the subject: "Keep Clean in Mind."

Just Folks

THE WISER WAY
The rich man said: "I'll smooth his way."

The cares I knew when I was small
And all the tasks which spoiled my play
My son shall never know at all.

An older man looked up and said:
"What's wrong with having work to do?
What's wrong with going tired to bed?
'Twas this that made a man of you."

If for the answers he can turn
To you when bothered by his sums,
How can that youngster ever learn
Just what to do when trouble comes?

Suppose sometime alone he stands
Where you can't hear his cry for aid,
Will he not hate those soft white hands
Which love and luxury have made?

Shield him from all the tasks you had,
Which now you catalog as wrong,
And selfishly you keep the lad
From coming into manhood, strong.

You cannot guarantee his joy.
This is the wisest, surest plan:
So to equip and train the boy
That you can leave him here, a man.

PRINCIPALS IN MILWAUKEE'S MELEE 'FORGET'

MILWAUKEE (AP) — Joe Adcock and Ruben Gomez—principals in Tuesday night's "bare and hound" melee—were agreed today that it would be best to forget about the incident.

And most of their teammates on the Milwaukee Braves and New York Giants seconded the motion. National League President Warren Giles fined the Giants' right-hander \$250 and suspended him for three days and fined the big Braves' first baseman \$100 as a result of their actions in the second inning of the game won by New York 8-6 in 11 innings.

"No Hard Feelings"
Gomez's first pitch nicked Adcock's right wrist. As Adcock, a powerfully built 210-pounder, walked toward first base the two players exchanged words. Suddenly, Adcock wheeled and charged the mound like a maddened bull. Gomez fired another ball at Adcock, who was about 20 feet away, and hit him on the left thigh.

Then he made a bee line for his dugout, dodged a block thrown by Braves' third base coach Johnny Riddle and reached sanctuary well ahead of Adcock and a swarm of Braves. Players from both sides milled about but no punches were thrown. Gomez and Adcock were ejected.

Big Joe said last night he had "no hard feelings toward Gomez." "I've been hit four times by pitchers," he said. "I've had it up to here," he added, drawing his hand across his throat. "Sure, I got mad, but this is a new game. He probably wants to pitch again. I want to bat again. I make my money at the plate, not at first base."

"It's Better To Run"
"Apologize to me? Maybe I should apologize to him. As far as I'm concerned I'm forgetting about the whole thing," Gomez, reached at the Giants' hotel during last night's game won by the Braves 7-3, said. "I've forgotten about it already," he then added.

"Adcock stands too close to the plate and he moves slow. I didn't mean to hit him."
"Why should I stay there and get killed? He (Adcock) lost his temper. He is much stronger than I am. And his bench would have helped kill me. A lot of tough guys get killed. What did it get them? Why fight a guy who's bigger than you? It's better to run."

"SPIDER" WEBB, UNDERDOG, WINS

CHICAGO (AP) — Ellsworth (Spider) Webb, an 11-5 underdog making his first 10-round start, scored a unanimous decision over experienced Holly Mims of Washington, D.C., last night in a dull televised bout in the Chicago Stadium.

Webb, 23, 1952 American Olympic champion just two months out of the Army, was the favorite on all scoring cards as he slapped Mims almost at will and got little punishment in return except in the early rounds. Webb weighed 157½ and Mims 157 for the mid-dewlight bout.

Referee Frank Sikora scored it 100-89 under the Illinois system of 10 points per round for the winner. Judge Harold Marovitz scored it 99-91 and Judge Spike McAdams, 97-90. The Associated Press score card favored Webb 99-92.

Mims, No. 10 ranking middle-weight and a well-known spoiler with a record of 40-15-5 before the bout, acted as if he wished he had stayed at home. In the final rounds many of the slim crowd of 1,478 acted as if they wished they had stayed home, too. They booed heartily.

Duke's sensational runner Dave Sime won honors as a Silver Skates speed skater in Madison Square Garden in 1950.

CLIFF LUMSDEN OF TORONTO IS SWIM WINNER

ATLANTIC CITY, N.J. (AP)—Cliff Lumsden of Toronto is \$5,000 richer today after finishing only a hand ahead of runner-up Tom Park in the 25-mile world championship swim around Absecon Island.

During the last 10 miles of yesterday's race, Lumsden and Park, defending champion from Lakeview, Calif., fought stroke for stroke. Lumsden won the race in 9 hours, 51 minutes, a half hour slower than Park's record set in the 1954 inaugural. Park's time was 9:51:00.2.

Greta Anderson, the Danish-born 1948 Olympic winner in the 100-meter freestyle, received \$1,500 as the first woman across the finish line. Her time was 10 hours, 17 minutes.

Drove Sharks Away
At one point during the smooth ocean swim, crews on accompanying boats had to drive away sharks with their oars.

Of the 22 who began the race, 11 finished, 5 of them women. One of those pulled out near the end of the race was 14-year-old Aloma Keen of Montreal, the youngest competitor. She was taken out over her protest. Aloma had a mile and a half to go but was no longer in the running for the prize money.

John LaCourse, 20, of Rosemont, Canada, suffering severe abdominal pains, was in the worst condition among the non-finishers. He was treated at Atlantic City Hospital and released.</

Boston Red Sox Move Into 3rd Place With Win Over Athletics; Detroit Sweeps Pair From Yanks

By ED WILKS

The Associated Press

After a false start, it looks as if Boston's Red Sox are on their way at last, just as Ted Williams predicted a couple of weeks back. Trouble is, they're sprinting on a treadmill in that American League race.

Williams, blaming early Sox disappointments on injuries, illness and sore arms, figured the Sox were healthy and ready to go. And after being side-tracked by New York, the Red Sox now have won 10 of 12, skipping past Chicago into third place and to within six points of runner-up Cleveland.

They closed in on the Indians yesterday, beating Kansas City 7-3 as Mel Parnell followed up his Saturday no-hitter with a seven-hit job.

Still Have Nice Margin

The Yankees, however, still lead the pack by a plush 9½ games—even after Detroit ended their winning streak at 11 games with an 8-4 and a 3 double-header sweep. Cleveland split at Washington, losing 7-5 and winning 11-1. And the White Sox were knocked off by Baltimore 4-3 for their 11th straight defeat—longest slump in the majors this season.

In the National, there wasn't one sign of a player brawl as Milwaukee re-established its two-game lead with a 7-3 decision over the New York Giants. Brooklyn defeated second-place Cincinnati 6-3. Rain held Pittsburgh and St. Louis to a 1-1 tie called in the top of the 10th. And Philadelphia swept the Chicago Cubs 6-4 and 6-1.

The Red Sox, enjoying their best surge since winning 14 of 16 in June 1955, have gained only half a game on New York but have packed away 8½ games against Chicago and 4½ against Cleveland.

Mickey Homers: No Brace

A four-run eighth inning against Troy (1-9) Heritage kept them going yesterday. Jackie Jensen's single broke a 3-all tie and Don Budin added a two-run double in the rally.

Paul Foytack and Frank Lary, two right-handers, chalked the Yankees, Al Kaline made a leaping stab of Mickey Mantle's two-out,

Bendersville's lead in the South Penn Baseball League was pared to one game Wednesday evening as it bowed to Bonneauville 6-1 while second-place Mummasburg topped Littlestown 4-1.

Gebhart, Bonneauville hurler, gave up only three hits and hurled scoreless ball after the first frame. He fanned 13. Bonneauville sewed up the tilt in the first inning with a trio of runs. Cease collected a double and triple to lead the winners.

G. Hartzell was in fine form for Mummasburg as he held Littlestown to four hits, the lone run against him coming in the final frame. J. Hartzell, with a homerun and single, sparked the seven-hit offense for Mummasburg.

Huntertown replaced Littlestown as the third-place team by smashing out an 11-1 victory over winless Harney. It was the eighth straight victory for Huntertown. Heyser and Coulson divided the pitching for the Huntertown while Saylor and Overholzer toed the slab for Harney.

Moose vs. Lions, 6:30 p.m.

Smothering a sixth-inning uprising on the part of the G. L. Bream Garage, the Moose tightened their firm hold on first place as they edged the Garagemen 6-5 in a Little League contest Wednesday evening.

A Moose victory tonight would gain them the league title. The Breammen took full advantage of two Moose errors, singles by John Chrismer and Tony Clabaugh and Jim McClell's double to right field to produce three runs and pick up the lead in the first inning.

The Moose came right back in the bottom of the second frame to tally once, Greg Maitland led off with a line double to left, went to third on a passed ball, and then tallied on Bill Little's ground out. The Breammen kept their three-run lead by adding a run in the top of the third, Chrismer led off with a sharp single to left, went to second on a wild pitch and came home on McClell's single.

In the bottom of the third the roof fell in on Manager Bob Weiker's third-place team as the Moose scored three times to knot the count at 4-4. Three consecutive hits by Fair, Tuckey and Maitland and a pair of infield miscues figured in the scoring.

Moose Gain Lead

The Moose took the lead in the fifth when they tallied a pair of runs on Gary Fair's lead-off double to right-center, singles by Maitland and Little, and another infield error.

In the top of the sixth the Breammen tried in vain to knot the score. McClell got on via an error, a fielder's choice placed Steve Stahl on first with McClell moving to second. Eddie Heiser, starting in his first regular game, lined a double to right driving in McClell. Fairman then grounded out and Pat Redding hit into a double play to end the game.

Greg Maitland was the big gun for the winners as he collected three hits for the same number of trips to the plate. Johnny Chrismer matched Maitland's performance to lead the G. L. Bream line-up. Maitland receives the win, his fourth in six starts, while Mark Eckert is charged with the loss, his sixth against two wins.

Wednesday's Score

Red Sox 4; Yanks 3.

The Red Sox won their first game in the Minor League after three setbacks by upsetting the hitherto unbeaten league-leading Yanks 4-3 Wednesday. The Yanks had won four straight.

A trio of errors plus Eddie Markley's double gave the Sox two runs in the third to clinch the decision.

The Yanks' rally in the sixth fell short when Jones and Tipton doubled but Tipton was out at third attempting to stretch his hit into a triple.

SHAKEUP COMES IN OFFICE OF AUDITOR IN ILL.

SPRINGFIELD, Ill. (AP)—A sharp reshuffle has taken place in the Illinois auditor's office as investigators press for more information on at least half a million dollars in missing state money.

Orville E. Hodge, who quit as auditor under fire Monday, is in the midst of a lengthy quizzing by the state's attorney.

He spent five hours closeted with State's Atty. George C. Cook yesterday. Contrakon will continue the question Friday.

After the session, the state's attorney made only guarded replies to reporters' questions.

No Promises Made

"I don't have any promises of a plea of guilty," he said. "I haven't made any promises. None were discussed."

"Nobody should draw the conclusion of no prosecution," he questioned as to whether Hodge's stated intention to make restitution, to the extent of his resources, meant a prosecution might be dropped.

Meanwhile, Dr. Lloyd Morey, president emeritus of the University of Illinois who was named by Gov. William G. Stratton to succeed Hodge, dismissed two Hodge aides.

He fired Lloyd E. Lane, supervisor of payroll accounts, and Thomas F. Shanahan, custodian of the auditor's warehouse, in which records are stored.

Fail To Find Checks

Hodge's 70-year-old replacement also said that "all relations between Edward A. Epping and the auditor's office have been terminated."

Epping was not on the state payroll but was the auditor's office manager. He received fees from the office.

Contrakon obtained, then dropped, warrants charging Epping with embezzling 15 state auditor checks adding up to \$180,000. He said he withdrew the warrants because the state checks listed on them were not found in a raid on Epping's apartment Tuesday night. Thus, he said, he had no "records to support" the embezzlement charge.

Investigators say at least 42 warrants (checks) for a total of about \$540,000 were improperly cashed by Hodge's office.

PAYS BASEBALL BET ON MT. FUJI

TOKYO (AP)—An American newsman who picked the wrong baseball team teed off at the base of Mt. Fuji at 5:30 a.m. Tuesday.

Ten hours, 50 minutes, 27 golf balls and 1,275 strokes later, former Floridian Doc Schuck sank a 150-yard "putt" in the crater of the famed 12,385-foot dormant volcano.

"It was the best drive of the day," Schuck mused as he nursed his blistered hands, "and the one putt in my life I knew I couldn't miss—that's the biggest gold cup in the world."

Mt. Fuji's almost perfect circle crater is 2,000 feet across.

"I was so sure the Americans (league team) would win the All-Star (game) that I got foolish and said I'd drive a golf ball up Fuji if the Nationals won."

"Next time, I'll keep my big mouth shut or bet money."

DIXIE SENATORS HOLD FATE OF "CANYON" BILL

By FRED S. HOFFMAN

WASHINGTON (AP) — Southern Democratic senators appeared today to hold the key to the fate of the Hells Canyon bill, crux of the election year battle over public-private power.

One Republican senator active in the fight against the measure said in an interview he believed the Southerners would vote against the Democratic-backed proposal to authorize a 485-million-dollar federal dam on the Snake River between Idaho and Oregon. This senator declined to be quoted by name.

A thread of politics ran through yesterday's debate, with Republican senators denouncing Democratic "giveaway" charges as a "baseless, election-year smear attempt" and Democrats accusing the White House of exerting heavy "pressure" against the Hells Canyon bill.

Chosen Battleground

The bill would authorize federal development of the power potential of the deep Hells Canyon Gorge through erection of a single high dam. Under the Eisenhower administration the Federal Power Commission has licensed the Idaho Power Co. to build three lower dams and develop the power without cost to the government.

Democratic senators, seeking to dramatize the public-vs.-private power issue for the election campaign ahead, have chosen the Hells Canyon bill as their battleground.

Sen. Jackson (D-Wash.) contended the FPC decision made a "mockery of the law and of Congress." But Sen. Watkins (R-Utah) defended the FPC, saying it acted by unanimous vote "after the most extensive investigation ever."

Sees Handicap

Sen. Neuberger (D-Ore) accused the Eisenhower administration of "leaving no stone unturned in its fight to turn over Hells Canyon—the finest water power site left in our country—to a private utility company for wasteful, partial exploitation."

Sen. Welker (R-Idaho) contended the proposed federal high dam would "drown out" other dam sites and handicap irrigation during low-water years.

GEROE IS NEW RED BOSS IN HUNGARY NOW

By RICHARD KAISCHKE

VIENNA, Austria (AP) — Erno Geroe took over as Hungary's Communist party boss last night with a pledge that his country would not be the scene of a second Poznan and a bid for closer ties with Yugoslav President Tito.

Geroe, who holds the government post of first deputy premier, made clear his position soon after Matyas Rakosi, veteran party chief and long-time foe of Tito, resigned under fire. The beefy, bald old Red boss also quit the party's ruling Politburo he so long had dominated.

In his first speech to the party Central Committee, Geroe denounced Rakosi's "Stalinist" mistakes and promised quick reforms. He also called for a bigger police force, strong collective leadership and rigid party discipline.

Apologize To Tito

The new party boss apologized to Tito "for past slanders" and promised to seek closer political and economic cooperation with Yugoslavia.

Rakosi's fall was received with satisfaction in Belgrade. He was one of the mainstays of the move to oust Tito from the Cominform in 1948. He showed little enthusiasm when the Russians began the recent campaign to appease the Yugoslav leader.

In his first speech to the Central Committee, Geroe declared, "It would be a grave danger not to draw the consequences of the Poznan uprising." He made clear he would use all means to avert any Hungarian repetition of the "bread and freedom" riots which rocked Poland and the Communist world on June 28.

Has Risen Steadily

"Our party must advocate broader democratization," he said. "Justified criticism has become stronger in Hungary. Our party must absorb the forces which are dissatisfied with the present situation."

Geroe has risen steadily through the party ranks. Before becoming deputy premier in Premier Andras Hegedues' regime, he ran the ministries of finance, state and communications.

In 1953, he took over as interior minister and thus gained control of Hungary's secret police.

"meats with approval"

The Federal stamp of approval printed on meats is your sign of wholesome nutritional meats.

The small round purple stamp found on large cuts of beef or lamb carries a big story behind it - the story of Federal meat inspection. It assures the home-maker of health protection for her family, as well as pocketbook savings, by assuring her of clean and wholesome meat. Acme is proud to salute the Federal Meat Inspection Service - "Meats with Approval," 1906-1956.

Dr. W. K. Morgan Founded First Baptist Church Here In 1950

The story of the First Baptist Church of Gettysburg is of recent origin, the church having been founded in 1950.

Until June of 1950, there was no Baptist church in the entire area between York and Everett, and Harrisburg to Hagerstown. With the establishment of the Mechanicsburg and Letterkenny Depots, hundreds of people moved into the area from all parts of the nation, including a number of Baptists. No concerted effort was made toward establishment of a Baptist Church until June 1950 when both Chambersburg and Gettysburg organized churches.

Dr. W. K. Morgan, director of City Work for the Pennsylvania Baptist Convention, was the prime mover in establishing churches in this area by organizing a survey of both communities. Dr. Morgan gathered the nucleus for both churches and served as pastor for about one year afterward. Ultimately, 25 charter members enrolled in the Gettysburg Baptist Church on November 12, 1950. Their names are listed at the close of this article.

Rev. Herbert Brownlee serves three Baptist churches: First Baptist Church of Gettysburg, Grace and Chambersburg. There are approximately 126 members associated with the three churches.

1st Organizational Group
The initial meeting for the Gettysburg Church was June 4, 1950, at Union Church (Bethel Mennonite), Mummaburg, with 25 in attendance. Dr. W. K. Morgan preached and the organizational framework was constructed as follows: deacons: M. V. Coleman, B. B. Harmon, George Lewis and Ambly Harper; trustees: B. B. Harmon, Mrs. George Lewis, M. V. Coleman and Fred Harmon; George Lewis, treasurer; Fred Harmon, financial secretary; Mrs. Fred Harmon and Mrs. S. C. Ballard, pianists; Paul Harmon and John Coleman, ushers; building committee: M. V. Coleman, Ambly Harper, B. B. Harmon and T. J. Vaughn; constitution committee: Mrs. B. B. Harmon, Mrs. M. C. Lowe, M. V. Coleman and Richard Coleman; audit committee: Mrs. S. C. Ballard, Mrs. George Lewis and Miss Norma Coleman; and publicity committee: Mrs. S. C. Ballard, George Lewis, Mrs. M. V. Coleman and Mrs. M. C. Lowe.

Subsequent meetings of the congregation were held in the local Odd Fellows Hall. The first prayer meeting was June 7, 1950, in the home of Mr. and Mrs. Woodrow Hileman, Mummaburg, with ten present. Later a group of about 80 met June 18, 1950, at the home of Mr. and Mrs. George Lewis, Gettysburg R. 4, for a picnic outing, at which Pennsylvania Baptist Convention Evangelist Paul Raycroft preached. In August of 1950, Radio Station WOET broadcast the first of the "Baptist Hour" programs which

continued until June 1951 when it was replaced by the "Laymen's Hour." The latter is produced by Baptist men of the Southern California Baptist Convention and made available for broadcast over many stations across the land.

Church Is Purchased
On December 17, 1950, the Marsh Creek Congregation, Church of the Brethren, offered to sell its South Stratton Street property to the Baptist congregation. The two congregations used the building cooperatively until the new Brethren edifice was ready for use. Full occupancy was then granted to the Baptists. Final arrangements for purchase were made August 17, 1951, and the church was dedicated October 7 with Dr. W. K. Morgan as the guest preacher.

On April 25, 1951, the local congregation voted to ask for membership in the Harrisburg Association of Baptist Churches which would automatically make the church a member of the Pennsylvania Baptist Convention and the American Baptist Convention. Accordingly, the group was received as a member of the association on May 19, 1951, at the annual meeting in Lykens Baptist Church, Lykens, Pa.

Dr. W. K. Morgan relinquished leadership of the congregation when the Rev. Herbert Brownlee, Smithfield, Pa., was called to serve the Chambersburg and Gettysburg Churches. The pastor now serves a charge of three churches, having helped to organize the Grace Baptist Church in October 1952, with 13 charter members.

The Grace Church on June 19,

Superhighways are not the accident cure-all their enthusiastic early supporters claimed they were, according to the National Safety Council, because even the best road can't overcome driver error.

However, you avoid trouble on your vacation travels and enjoy wonderful facility of movement if you understand the danger points of superhighway driving. Here are some tips from the council:

1. Speed causes most of the trouble — not just ordinary speed, but race track speed which the ordinary motorist seldom contends with. High speed does two things: It gives you less time to think and react in an emergency situation, and it increases the severity of an accident if one does occur. Authorities finally had to impose speed limits on the super roads, because the average driver just couldn't cope with upwards of 70 m.p.h. The limit now is 60 on many roads.

1952, purchased the Lower Tract schoolhouse near Emmitsburg, and has been using it for services. An enlargement of that building is proposed for the near future. During the present pastorate of four and one-half years, there have been 120 persons received into the membership of the three churches.

The Women's Missionary Society was organized in the Gettysburg Church December 11, 1951, and has been an active part of the church work. Mrs. George Lewis is the president.

The local congregation of the Baptist Church has a membership of 58. As a member of the American Baptist Convention with its membership of one and one-half million, the church is affiliated with over seven million Southern Baptists and six million Negro Baptists. Baptist membership in 1950 was over 19 million in the world with over fifteen and one-half million in the United States.

Charter members of the Gettysburg congregation are: Mrs. Beatrice Ballard, Mr. and Mrs. Hopkins Bell, Mr. and Mrs. M. V. Coleman, George Coleman, John Coleman, Norma Coleman, Richard Coleman, William Coleman, Mr. and Mrs. B. B. Harmon, Mr. and Mrs. Fred Harmon, Paul Harper, Mrs. Emma Harper, Ambly Harper, Mr. and Mrs. George W. Lewis, Mrs. M. C. Lowe, Mr. and Mrs. Paul Metz, Mrs. Daisy Sprigg and Mr. and Mrs. T. J. Vaughn.

and it is a recommended top speed whether there is a posted limit or not.

2. Don't get too conservative, though. Slow drivers cause trouble, too. Traffic experts agree that accidents result from what the engineers call conflicts in movement, and one way to have a conflict is to have some cars traveling a lot faster or slower than the average. So try to drive at about the same pace as traffic in general—neither passing nor being passed frequently.

3. Such differences in speed cause one of the most common types of superhighway accident—the rear-end collision in overtaking and passing. Fast drivers close the gap on trucks, buses and slower-moving cars much more quickly than they expect from their previous experience. Result: They swing out too late to clear the vehicle ahead or fail to see it in time at night.

4. Another common accident location is the interchange—the cloverleaf intersection or other means of entry and exit. These cause the speed differential that is so dangerous in fast traffic. A well-designed road should have an acceleration lane for entering cars so that they can reach the proper pace before merging with traffic. When traffic is heavy, however, entering cars must wait for a chance to break in, and are then forced to come into the traffic stream too slowly. Cars slow down in leaving, too, especially if the driver is uncertain of his route or the design of the interchange. It is a good idea for through traffic to stay away from the right-hand lane when approaching an interchange. Then you won't be confronted suddenly with a rapidly-braking car leaving the road, or a slowing moving one pulling in front of you.

5. Speed makes it foolhardy to follow another car closely, as proved by the multiple chain reaction crashes that have occurred on superhighways. The interval of one car length for every 10 miles of speed is not enough on an expressway. So allow plenty of room for slowing and stopping. Remember this: at 40 m.p.h. your car will go 44 feet between the time you see danger and you get your foot on the brake, then 84 additional feet to stop if your brakes are good. But at 70, it will take you 77 feet to get on the brake and 256 feet more to stop!

6. Stopping on a superhighway is dangerous because high speed cars often are unable to stop or veer out in time. This is especially true at night when cars may be traveling too fast to stop within the distance illuminated by headlights. Don't stop on a superhighway for frivolous reasons. If mechanical or other trouble forces a stop, get completely off the highway and send someone back at least 300 feet with a flashlight or flare.

7. Much has been written about highway hypnosis. While its importance as an accident cause never has been definitely measured, the trance-like state induced by mile after mile of effortless driving, of visual concentration on the car or tail-light ahead, and of listening to the drone of the motor and the rush of wind undoubtedly dulls alertness. The alarms, dangers and minor emergencies common to driving on old roads keep the instinct of self-preservation functioning; on the superhighway this animal awareness of danger is lulled and relaxed — too much. So play the radio, converse with passengers, play license plate poker or do anything that will keep you from being mesmerized by steady, fast driving.

8. When seeking distraction, don't take your eyes from the road. The speed at which traffic is moving on expressways makes quick reaction to danger imperative. So don't let lighting a cigarette, checking a map, or settling a squabble among the children take your eyes from that point several hundred feet ahead of your car where you must see danger and avoid it.

9. Bad weather makes the superhighway no better than the ordinary road. It may even be worse, because some drivers still will be going too fast. Patches of fog and ice in shaded cuts through mountainous areas have brought many travelers to grief. There's nothing about the design of a superhighway that makes ice less slippery or fog less impenetrable. So watch out!

10. By all means don't drive on a superhighway if you are tired or sleepy or if you feel ill. Fast driving requires the utmost alertness and attention.

REWARD IN HEAVEN

LANSING, Mich. (AP) — Honesty pays but not much, 17-year-old Sharon Miller found out. She found an envelope in the street containing \$4,600 in cash and checks belonging to a machine tool firm. Sharon returned it. Her reward: a company pencil and \$1.75.

SUSTAIN LOWER COURT DECISION

PHILADELPHIA (AP)—The State Superior Court on Tuesday upheld a Northumberland County Com-

mon Pleas Court which refused a habeas corpus petition by an inmate of Graterford State Prison. Calvin Tyson, serving 5 to 10 years for burglary, felonious entry and receiving stolen goods, originally was sentenced in May, 1938, in Maryland State Penitentiary, was returned to Pennsylvania in December, 1953.

In his habeas corpus petition, Tyson claimed he was serving an illegal and void sentence on the ground that he had not been sentenced on a particular count and that his sentence had expired in 1942.

In upholding the lower court's

dismissal of the petition, Judge Chester H. Rhodes ruled that a sentence is legal if warranted by any count and that Tyson's confinement in another state and for a separate offense cannot be considered time served for the burglary conviction.

Commuter Train Mishap Injures 34

JERSEY CITY, N. J. (AP)—A Pennsylvania Railroad commuter train, with some 350 persons aboard, ran into a bumper guard at Exchange Place Terminal Wednesday.

At least 34 persons were injured, none seriously.

A spokesman at the Jersey City Medical Center where most of the injured were taken said they suffered shock, small abrasions and bruises.

Police said the engineer, John Walsh, 59, of Elmhurst, N. Y.,

apparently miscalculated the position of the bumper.

The 12-car train left Bayhead, N.J., junction at 6:35 a.m. and arrived here at 8:32 a.m. The train, was the Long Branch-New York express.

ADVERTISE IN THE TIMES

TB RECORD
LITTLE ROCK, Ark. (AP)—Arkansas has the fifth highest rate of active tuberculosis in the nation, says Dr. J. T. Herron, head of the state Health Department. Now cases reported in 1955 totaled 1,386.

RUSSIAN TRADE INQUIRY DATA SPLITS GROUP

By G. MILTON KELLY
WASHINGTON (AP)—The Senate investigations subcommittee split sharply Wednesday on what its stormy inquiries into free world trade with Russia showed.

Its four Democratic members and Sen. McCarthy (R-Wis.) in a report to the Senate called the White House side, Harold E. Stassen, "an arrogant, evasive and uncandid witness" in the hearings, and accused the Eisenhower administration of failing to fight as hard as it could to choke off this East-West trade. Stassen, former foreign aid chief, is now President Eisenhower's chief adviser on disarmament problems.

Sens. Mundt (R-SD) and Bender (R-Ohio) fired back a minority report calling the majority findings "unfair" and distorted. They contended the administration merits praise, not criticism. U. S. efforts to hold down the trade, these two said, "are not enhanced by partisan political attacks."

Signing the majority report were Chairman McClellan (D-Ark.) and Sens. Jackson (D-Wash.), Symington (D-Mo.), and Ervin (D-NC), along with McCarthy, who has been at odds with the White House for many months.

The reports are bound to have repercussions in the Senate's forthcoming debate on foreign aid.

In the investigation the subcommittee explored a 1954 international agreement reached in Paris under which Western Allies relaxed curbs on the sale to Russia of about 200 items which had been embargoed or otherwise controlled as strategic for wartime use.

Stassen, Secretary of Commerce Weeks and other administration witnesses testified in the hearing that this country agreed only reluctantly to the relaxations, at the insistence of the Allies. They said the alternative would have been virtual collapse of the whole system of embargoes.

Grants Pardons And Commutations

HARRISBURG (AP)—Gov. Leader Wednesday approved several pardons and commutations recommended by the State Pardons Board including:

Pardons—John Henry Linn, Columbia County, accessory to arson, 5-10 years; Agibito Rocchi, Northampton County, voluntary manslaughter, 6-12 years; Clifford C. Shoener, Schuylkill County, forcible entry, entering building to commit felonious larceny, 1-3 years; Beatrice Pavusek, Dauphin County, receiving stolen goods, probation; James R. Jackson, Tioga County, larceny, 3 years probation.

Commutations — Irene Green, Philadelphia, second degree murder, indeterminate; Cecil Barton, Bradford County, involuntary manslaughter, 2 years.

Resume Talks in 9-Month-Old Strike

PHILADELPHIA (AP)—Government-sponsored negotiations resumed Wednesday in the nine-month-old strike at the nearby Lester plant of Westinghouse Electric Corp.

PLAN TO PUNISH MISHAP DRIVERS

VATICAN CITY (AP)—The Roman Catholic Church is considering ecclesiastical punishment for persons found guilty of having caused traffic accidents, Prof. Pio Ciprotti, a canon law expert, says.

Ciprotti made the statement in an interview appearing Wednesday in L'Osservatore Della Domenica, a magazine published in the Vatican.

Last week the magazine appealed for "Christian conscience" to halt the rising toll of traffic deaths. It declared the Fifth Commandment, "Thou shalt not kill," applied equally to crimes on the highways.

Ciprotti said a decision to hand out ecclesiastical punishments could be taken by the various bishops who "know better than anybody else" the particular needs and conditions in their dioceses, rather than by the Vatican itself.

A Vatican spokesman said, however, that a decision on the matter "could be made directly" by the Pope.

Pay \$19,259,176 For State Bonds

HARRISBURG (AP)—The General State Authority today had \$19,259,176 in payment for the seventh series bonds it has sold.

A check to cover the purchase was turned over to the GSA on Tuesday by Halsey, Stuart Co., New York, for the bonds with a face value of 20 million dollars.

This brings the authority's total bonds sales to 255 million dollars.

The GSA reported it invested the check in U. S. interest bearing securities until the money is needed to finance the authority projects.

The authority, borrow and build agency of the state, is empowered to issue bonds to the extent of 430 million dollars.

Salome Stewart Tent No. 55

Honoring a local heroine of the Civil War the Salome Stewart Tent Number 55 derives its names from a courageous nurse who helped to save lives during the 3-days Battle of Gettysburg. The Salome Stewart Tent is a unit of the Daughters of the Union Veterans, which, in turn, is one of five groups comprising the allied organizations of the Grand Army of the Republic.

Salome H. Stewart was the mother of one of Gettysburg's former prominent physicians, recently deceased, Dr. Henry Stewart. For a time she was a school teacher. She had two assistants and was paid \$25 a month.

In 1901 she was elected to membership in the Nurses' Corps, elected by reason of her service in the Battle of Gettysburg. Her nurse's training began on the morning of the first day's Battle of Gettysburg at the present site of St. Francis Xavier, Church High St. Salome Stewart was 21 years old at the time. Eight of the wounded soldiers whom Miss Stewart nursed to health she brought as guests to the home of her father. Later she married the father of one of the young soldiers and 11 months after her marriage was a widow.

80 At First Meeting
Eighty persons attended the first meeting of the Salome M. Stewart Tent, June 12, 1950, at the

home of Mrs. Esther Hayberger, 2 Liberty St. Irene Eisenhart, of the York Mammy Ruggles Tent, assisted with the installation of the following officers: President, Mrs. Hayberger; senior vice president, Mary Group; junior vice president, Doris Yohe; treasurer, Miriam Daley; council members, Eva Luck; Ada Little, Dorothy Martin counselor, O. G. MacPherson. Twenty-two charter members remain. They are: Mrs. Hayberger, Bess Kapp, Mary Group, Blanche Dougherty, Miriam Daley, Dorothy Martin, Ada Little, Eva Luck, Jessie Hance, Ruth Vansadalen, Betty Rupp, Bessie Wright, Anice Koonitz, Amanda McNeil, Margaret Alexander, Maybelle McKendrick, Rachel Menzies, Virginia Stenz, Mary Hedrick, Emma Trostle.

A charter was presented to the organization July 12, 1950. The organization is open to daughters, granddaughters and great-granddaughters of Civil War veterans.

The late Dr. Henry W. Stewart, who was for 62 years one of the oldest members of the Sons of Union Veterans, was always included in all functions of the group when his health permitted.

Currently there are 33 members. One local family boasts four members, Mrs. Willis Pitzer and Mrs. Kathleen Baltozer and her two daughters.

One of the projects of the group

was a dramatic composition in pageant form called "The Altar of Faith." The play, written by Mrs. Bess Kapp when she was chaplain of the Fifth District of the organization, was presented May 1, 1953, in Gettysburg. Later it was presented at the sixth meeting of the Fifth District convention here and then again, by request, on June 23, 1953, at the state convention of the daughters and granddaughters of the Union veterans in Pittsburgh.

The tent is represented on the Woman's Civic Council and the Adams County Auxiliary.

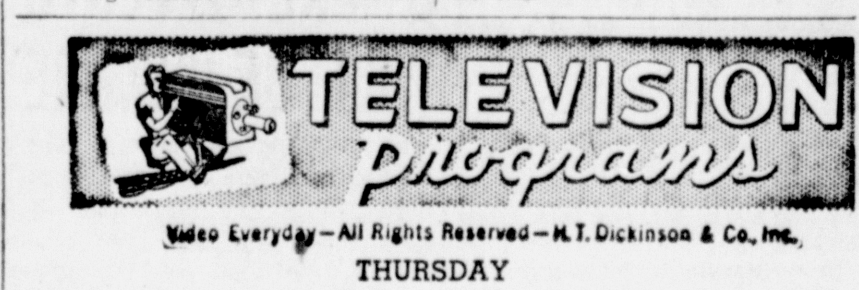

Three members of the tent have been honored with district and state offices. Mrs. Bess Kapp was national press correspondent last year and patriotic instructor for the Department of Pennsylvania this year. She has also been president of the Fifth District. Mrs. Maybelle McKendrick has served as fourth color bearer for the Department of Pennsylvania and guide, or the district. Mrs. Dora Settle has been guard of the local district which includes Hanover, York, Lancaster.

Mrs. Kapp was appointed the first delegate-at-large from Gettysburg to represent the state at the national convention in Portland, Ore., last summer.

BOOST OIL TRADE

MOSCOW (AP)—A two-year contract has been signed here boosting the sale of oil by the Soviet Union to Israel to 18 to 20 million dollars. Russia sold Israel seven million dollars worth of oil

in the past year. The agreement was the first Soviet concession to Israel in recent months.

Says Relief Grants Are Below Minimum

HARRISBURG (AP)—Public Assistance Secretary Ruth Gregg Horting said Tuesday night that state relief grants in Pennsylvania are 15 per cent below minimum standards.

Mrs. Horting told a television panel (WTPA) that aid grants for rent are "particularly low."

"One-third of those on relief are paying more for rent than they receive for that purpose," she said.

She said there are almost 240,000 drawing public assistance in Pennsylvania today, compared with 276,000 receiving grants when she took office in early 1955.

She said Wilkes-Barre, Altoona and Erie have "pockets of unemployment" that contribute to the relief load in the state.

Vending Machine Profit Plan Drawn

HARRISBURG (AP)—A new overall plan for distribution of profits from vending machines in state-owned buildings to the State Council of the Blind is nearing completion.

Secretary of Property and Supplies John S. Rice said today the new program "should be ready in a week or two." It will call for competitive bidding to place the machine in state buildings. Profits from all will go to the council.

Rice said that profits from machines in several state buildings in Harrisburg have been going to the council "for years."

He was unable to estimate how many machines will be taken in by the overall plan or how much money it will involve.

Contract-Signing Deadline Is Changed

HOBOKEN, N.J.—The deadline for contract negotiations between 30 shipbuilding companies on the East Coast and the Industrial Union of Marine and Shipbuilding Workers of America has been postponed from July 31 to Aug. 26.

Mayor John J. Grogan, national president of the union, said on Tuesday the change was made so important jobs will not be halted.

Among leading companies taking part in the talks are Bethlehem Steel, Todd Shipyards and the Maryland Shipbuilding & Drydock Co. The union demands and terms offers by the companies were not revealed.

A spokesman for one of the companies said the steel strike has a bearing on the talks because of its effect on the supply and price of the metal.

IKE WILL FLY TO PANAMA FOR 20-NATION MEET

WASHINGTON (AP) — President Eisenhower, still slowly recovering from his operation, flies Friday night to Panama for a postponed meeting which seems unnecessary. It may produce only speeches.

It's to be a good will get-together with most of the heads of the 20 Latin-American countries, at least six of which are dictatorships. One president can't attend because of a broken leg. Trouble at home may keep others away.

Little Panama will have its hands full protecting the visitors, since many of the Latin-American presidents have enemies in exile. And some of the presidents have a long backlog of ill will toward one another.

Cancelled June 22
This meeting originally set for June 22 — to commemorate the first meeting toward Pan-American Union 130 years ago — had to be postponed because of Eisen-

hower's June operation. There was some dissent in Latin America about rescheduling the meeting, which was suggested by Panama's President Ricardo M. Arias with State Department approval. Some people in this government can't see much reason for the meeting.

It would be different if Eisenhower were going to offer some bold program for cooperation with Latin America, provide some new, unifying leadership, or offer a new sense of direction for the 170 million Latin Americans.

He is expected to do none of these things. What he is expected to do is speak in generalities, shake hands, and have a lot of conversation.

Double Population
It has been estimated the population of Latin America will double in the next 30 years. These American neighbors therefore have a multitude of expanding problems, in addition to trying to catch up with the 20th century.

They look to this country for help and leadership. This country has given help. But whether it's been enough, or the right kind, depends on which side of the border you're standing.

And not everyone agrees, even in this country, that the United

STRIKE EFFECTS WILL BE SEVERE

NEW YORK (AP)—The Iron Age, weekly magazine of the steel industry, said the long-range effects of the nationwide steel strike will be "far worse than most people realize."

Despite an official hands-off attitude, government officials are privately "plenty worried," it added, and "at least two cabinet members are involved in efforts to get the strike settled."

Production losses will be close to seven million tons by the end of this week and have "already begun to hurt the economy," the trade journal said. Construction, freight car building and other dependent industries have been hit by shortages and "now bar and rod users are beating the bushes for what they can dig up," it continued.

Raps "So-called Experts"
The magazine criticized what it termed "so-called experts" who say the strike will not hurt the economy. It said David J. McDonald, president of the steelworkers union, "has contributed to this illusion by telling strikers not to worry about lost wages; that they would have been laid off later anyway because there was too much steel in inventory."

"Some steel consumers are beginning to wonder where these inventories are hiding," the magazine said. "What looked like comfortable inventories at the start will take on the outlines of an ant hill before the week is out."

General Van Fleet Is Operated Upon

GAINESVILLE, Fla. (AP) — Gen. James A. Van Fleet was reported Wednesday in satisfactory condition after emergency surgery for a gangrenous appendix.

The U. S. 8th Army commander in the Korean War was operated on at Alachua General Hospital Tuesday after complaining of stomach distress.

The surgeon, Dr. F. H. Andrews, said in a bulletin at 11 p.m. last night that the 64-year-old general's "condition is satisfactory. Blood

IKE, SENATORS BATTLE OVER DAM, DEFENSE

By JACK BELL

WASHINGTON (AP)—President Eisenhower today faced a battle with senators over two congressional attempts to curtail his field of executive operations.

Democratic senators made it clear they intend to stick to their demand that the President and Secretary of State Dulles get approval of the Senate Appropriations Committee before making any commitment to help finance the Aswan Dam in Egypt.

In another field, Sen. Russell (D-Ga.) led a move to revive a congressional mandate requiring advance approval of the Senate and House armed services committees for spending some defense appropriations.

The requirement, affecting development of the Talos missile and construction of housing for servicemen, caused Eisenhower to veto Monday a two-billion-dollar mili-

tary construction bill which contained it.

Pass New Bill

At Eisenhower's urging, the House passed quickly Tuesday a new bill without the offending provisions. But both Russell and Senate Democratic Leader Lyndon B. Johnson said the Senate will act with less haste.

Russell, influential on both the Senate Armed Services and Appropriations committees, said he planned no immediate action but might find a way to renew the restrictions in a final supplemental appropriation measure still being considered in committee.

If Congress approves that action, Eisenhower might have to decide between no funds for certain administration requests and acceptance on an unwanted congressional committee review.

Egypt's Ambassador Ahmed Hussein said his country has decided to turn to the West—rather than to Russia—for financing of the \$1,300,000,000 proposed Aswan Dam on the Nile.

Funds On Approval

But Chairman George (D-Ga.) of the Senate Foreign Relations Committee said he will stand by a restrictive statement the Appropriations Committee put into its

report on the \$4,105,000,000 foreign aid bill. The committee directed that no funds of any kind "be used on this dam without prior approval of the Committee on Appropriations."

Unlike the mandate requiring consultation on guided missile and housing developments, the Aswan Dam policy statement is carried only in the Appropriations Committee's report and not in the foreign aid bill on which the Senate will act next week.

Thus it would not be subject to a presidential veto such as that which sent the military construction bill back to Congress. Nor would it be legally binding, though it would carry great weight.

Both Eisenhower and Secretary of State Dulles voiced their objections to this provision in a meeting with Republican congressional leaders.

But Dulles seemed to be making the point that while he would be willing to "consult" with the group, he would not be bound to get its approval before committing the United States to some financial assistance for the project.

POSTPONE RATE BOOST

HARRISBURG (AP)—A proposed \$5,200 a year rate increase yesterday was postponed until Feb. 1 by the Public Utility Commission for the Mount Jewett Water Co. The company serves 400 customers in McKean County. The new schedule would have raised rates Aug. 1 from an annual average charge of \$39.32 to \$51.12.

ECONOMY HIT BY STEEL STRIKE; IKE CONCERNED CONDUCT JOINT PROBE OF YANKS HELD IN RUSSIA

WASHINGTON (AP)—President Eisenhower conferred Wednesday with some of his top advisers on the steel strike amid indications he is concerned about its effect on the national economy.

As the strike of 650,000 steelworkers moved into its 185th day, more scattered layoffs swelled the total of those idled in allied industries to around 75,000. Negotiations in the shutdown were continuing in Pittsburgh Wednesday.

The President called in Secretary of Labor Mitchell; Joseph P. Finnegan, director of the Federal Mediation and Conciliation Service; Secretary of the Treasury Humphrey; Secretary of Commerce Weeks; Arthur F. Burns, chairman of the Council of Economic Advisers; and Sherman Adams, Eisenhower's chief assistant.

How Concerned

Murray Snyder, acting White House press secretary who announced the meeting, was asked how much the President was concerned about the strike.

"Anything that causes unemployment or an extended disturbance of the economy is of concern to the President," Snyder replied. He added, in answer to further questions, however, that he knew of no plans for the government to invoke the Taft-Hartley law or for Eisenhower to confer with officials of management and union.

Snyder said Wednesday in a prepared statement: "The President called in this morning a number of administration officials to give him a report on developments in the labor-management dispute in the steel industry to round out reports he has been receiving."

Then, after naming the officials, Snyder said:

"The issues involved in the dispute and the present state of negotiations were reviewed."

"Parties Determined"

"The President was informed that the negotiations will be resumed this afternoon and that both parties are determined to make every possible effort to reach an agreement at the earliest practicable time."

Snyder told questioners the re-

secretary of state, appeared at a closed meeting to give the senators the background for this week's note to Moscow asking detailed information concerning any American military personnel held since Jan. 1, 1949, about whom this country has not been informed.

Lt. Col. James Monroe, representing the Defense Department, appeared with Mitchell.

One of the planes was a Navy P-4. Baltic Sea April 8, 1950. The other was an Air Force B29 reported missing during the Korean War and believed to have come down either in the Sea of Japan or over the Kamchatka area of the Soviet Union.

Chairman George (D-Ga.) of the Foreign Relations Committee, called the inquiry Tuesday night.

American Paints Free Of Arsenic

NEW YORK (AP)—The paints in our home can't cause arsenic poisoning like that credited with sickening Ambassador Clare Boothe Luce, U. S. experts said today.

Arsenic is simply not used in American paints. Years ago some might have been contained in the pigment paris green. But paint chemists long ago developed better, cheaper green pigments.

About the only serious hazard in paints now can be lead—if children chew lead-containing paints from cribs, toys, furniture or other objects.

Zwingli Reformed Church Took Name Of Famed Swiss Reformer

The early history of what is now the Zwingli Evangelical and Reformed Church, East Berlin, is obscure until 1811 when a parcel of ground was purchased for construction of a Union Church for the use of Reformed, Lutheran and Presbyterian congregations. This plot of land is now a part of the Union Cemetery in East Berlin.

A Union Church was begun in 1811 and completed about ten years later. Even before that time, the Rev. John Ernst preached the gospel in a schoolhouse. Philip Jacob Bohn was the Lutheran trustee and Frederick Asper, the Reformed.

The reason why the church building was not completed for a decade after it was put under roof is not clear, but it is thought that the War of 1812 tied up finances intended for the work. During the years of waiting, the church site became a rendezvous for the neighborhood sheep and cattle.

When the clouds of war rolled away, however, the Rev. Carl Helfenstine, Reformed, and the Rev. Mr. Speck, a Lutheran, channeled the zeal and self-denial of the people to finish the task. The church continued as a Union Lutheran and Reformed Church until the late 1880's.

Additional History
A glance at the history of several other county churches throws additional light on the beginnings of the Zwingli Evangelical and Reformed Church.

It appears that the early ministers of the Emmanuel Reformed Church, now Emmanuel's Evangelical Reformed Church, Abbotstown, also served churches now in the East Berlin Pastoral Charge of the Evangelical and Reformed Church, or vice versa.

The Emmanuel Reformed, Abbotstown, was founded by Rev. Jacob Lischey (Lishy) during the Revolution, and it is stated that a house of worship was erected in 1777, such statement being based on the fact that one Frederick Wolf and others saw the figures over the pulpit.

First Church In 1782
The first authentic account, however, credits the congregation with erecting a church in 1782, during the pastorate of the Rev. Mr. Rahauer.

Ministers serving the Emmanuel Church before 1886 were: Revs. Rahauer, John Ernst, 1800-12; F. W. Vandersloot, 1826-31; Hefenstine, 1814-26; S. C. Bennett, 1832-34; D. Ziegler, 1834-35; S. Gutelius, 1835; J. Sechler; I. Hoffmeins, 1835; F. W. P. Davis, 1863; A. Spangler; W. F. Colliflower, 1872-79, and D. U. Wolf, 1880-86. Several of these ministers served the East Berlin Union Church.

In 1801, Rev. John Ernest (Ernst), described as "the itinerant Reformed preacher," who served the Emmanuel Reformed Church, Abbotstown, and what is now the Zwingli Evangelical and Reformed Church, East Berlin, organized The Berlin Presbyterian Society. Services were held in the "first school building, East Berlin, then known as Berlin."

Land Donated In 1811
John Hildebrand in 1811 donated a half acre for the purpose of a Union Church, in lieu of a lot set apart in 1764 by John Frankenberg; and here the Presbyterians determined to build, but did not carry out this determination as a society. It is presumed that these Presbyterians are the same ones noted in the history of the Zwingli Evangelical and Reformed Church as being a part of the Reformed, Lutheran and Presbyterian Union Church. At what date the Presbyterian Society was disbanded is not known.

The following is quoted from The History of Cumberland and Adams Counties, published in 1886: "The Union Reformed and Lutheran Church, East Berlin, was begun in 1811, before John Ernst left the locality. It was completed in 1822, during Rev. Carl Helfen-

stine's term, and he preached here until 1826. The ministers named in the history of these respective societies at Abbotstown preached here also. A. G. Deininger was connected with the Lutheran society here for fifty-two years, ending with his death, September 30, 1880. Each society claims about ninety members; Rev. John Tomlinson is pastor. The property is valued at \$2,000."

The Rev. John Tomlinson, aforementioned, is listed in the record of St. John's Lutheran Church, Abbotstown.—"Rev. S. P. Ormby, 1879; John Tomlinson to 1886."

Pastor Deininger
One of the best remembered clergymen of the church is the aforementioned Lutheran pastor, the Rev. A. G. Deininger, a native of Germany who served in their army during the Bonaparte wars.

Shortly after returning to civilian life, he came to Centre County, Pa., and in 1819 married Susan Phebe Brown of Aaronsburg. He studied at Lancaster for the ministry and shortly after his license to preach was issued in 1828, he came to East Berlin where he served as a minister for 52 years. Pastor Deininger is remembered by some of East Berlin's oldest citizens, having lived until September 30, 1880.

The Reformed Congregation, after worshipping in the Union Church for a number of years, purchased a plot of ground on West King Street, East Berlin, and construction of a church edifice was begun in 1889. This church, still used by the congregation today, was dedicated on September 25, 1891, the cornerstone being laid June 15, 1890. A new two manual Moller Pipe Organ was installed in the church in 1927 and in 1928 hardwood floors were laid in the sanctuary. The church building was extended in 1940 to provide a church school, social room and a kitchen.

List of Pastors
In 1889, when the congregation organized independently, to build its own church building, it adopted the name of Zwingli Reformed Church in honor of Huldreich Zwingli of Switzerland, one of the Reformed Church Fathers of the Reformation period. Since 1934, the congregation has been known as Zwingli Evangelical and Reformed Church.

The pastors who served the church from 1777 to 1839 are: Rev. John Ernest (Ernst), 1777-1804; Rev. Charles Helfenstine, 1808-1826; Rev. Frederick William Vandersloot, 1827-1831; Rev. Daniel Ziegler, 1832-1836; Rev. Jacob Baer 1837-1839.

From 1840 until the present the pastors who served Emmanuel Church, Hampton, also have served Zwingli Church.

The congregation now has 175 members.

Fugitive Sailors Are Apprehended

BRIDGETON, N.J. (AP)—Two sailors who broke out of the Vineland city jail were behind bars in the Cumberland County jail here today after being picked up five miles apart.

State Police Det. Sgt. Eugene Hense Tuesday night arrested Howard W. Huff, 18, of Hamilton, Ohio, in a wooded area at Newfield.

Vineland police found the other sailor, Daryl Bakley, 17, of 323 Elmer St., Vineland, asleep in an allegedly stolen car about an hour later between Willow Grove and Brotmanville.

According to police, the two men were being held at Vineland on auto theft charges when they removed two cement blocks from their cell wall Monday night and escaped. They have been absent without leave from the Philadelphia Naval Base since July 9, police said.

Each faces four additional charges of auto larceny and escaping from jail.

MARLIN, Tex. (AP)—No one can explain it, but the kind of storks who bring twins seem to like a small section in the northwest part of this town of 7,000. More than a dozen sets live there, with only a scattering in the rest of the town.

HELENA, Mont. (AP)—The era of homesteading in Montana, which began with the passage of the Homestead Act in 1865, is virtually ended. R. D. Nielson, supervisor of the Bureau of Land Management office at Billings, said that nearly all remaining federal land in the state is of such low productive capacity that it will not support a family unit.

Kanerva's gadget is a piece of metal punched full of nail holes. With the rough side outside, it revolves at high speed when attached to his electric drill. A

plastic shield keeps odd fish bits from flying into the operator's face.

BRIDGEWATER, Va. (AP)—The Rev. Max William Fisher thinks he may have set some kind of record to get a college degree. He drove 30,000 miles during a four-year period to get to his classes at Bridgewater College.

During this period, Rev. Fisher served as pastor of two churches and supported his family of eight, including six children ranging in age from 2 to 12.

Rev. Fisher was pastor of a small Church of the Brethren in Pendleton County, W. Va., his first year when he attended Bridgewater three days a week and drove 104 miles each trip. He traveled 9,360 miles that year.

Then he moved to Fuels Run in Rockingham County, Va. From Fuels Run, it was a 64-mile trip. The next three years, Rev. Fisher drove 17,280 miles.

MUSTANG, Okla. (AP)—Sight-seers arriving at tornado ravaged Mustang were puzzled about an odoriferous hair-like substance that covered the small farm town.

Holding his nose one resident complained, "That's all that's left of our one claim to fame, the hog-hair processing plant."

Locomotive Fire Slows PRR Train

HARRISBURG (AP)—Fire broke out in the rear section of a two-unit diesel locomotive Wednesday and delayed a southbound Pennsylvania Railroad passenger train almost an hour. None of the approximate 250 persons aboard was injured.

The blaze destroyed about one-third of the rear unit of the engine before it was extinguished by nearby Dauphin firemen and the crew of the train.

Fire broke while the train was rounding Heckton curve a few miles north of Harrisburg.

Army Imposes Curfew On Yanks In Germany

HEIDELBERG, Germany (AP)—The U. S. Army imposed a curfew today on its 250,000 troops in Germany in an effort to curb GI crime.

An order issued by Gen. Henry I. Hodes requires soldiers to be in their quarters by midnight on evenings prior to duty days and by 1 a.m. on evenings prior to nonduty days.

"This command has been increasingly disturbed in recent weeks by unfortunate incidents involving American soldiers and German civilians," Hodes said.

"These incidents, with the attendant widespread publicity, constitute a threat to the splendid relationship between the U. S. Army in Europe and the people of the Federal Republic of Germany."

He said the curfew was ordered to help cut the incident rate to a bare minimum.

Approved Bills Of State Assembly Treat Unique Topics

HARRISBURG (AP) — The 1955-56 General Assembly produced 828 laws but several bills falling to win final approval would have enlarged the thick law books more than any of the new statutes.

For instance, there was one that could have caused concern to women shopping for new shoes during the summer months. It would have made it illegal for a shopper to try on a pair of new shoes unless he or she was wearing stockings.

That proposal was approved by the House with only seven negative votes. It died in the hands of the Senate Public Health and Welfare Committee.

Auto License Bill

Then there was the bill designed to fill a void—that empty license holder on the front end of Pennsylvania registered cars. The state issues only one plate, for use on the back of a vehicle.

This bill, sponsored by two House Democrats, would require the State Revenue Department to issue a second plate—but it would be used for advertising purposes.

The proposed front plate would carry the legend "Keystone State."

and would cost an extra \$1. That bill never came up for a vote. Another measure that produced a furor before failing to pass by the margin of a single vote would have named the Great Dane the official dog of Pennsylvania. The state already has an official flower, bird, nickname, motto and tree.

Supporters of the Great Dane proposed it as the official state dog because an old portrait of William Penn in the governor's office shows the founder of the commonwealth accompanied by a Great Dane.

Dogs were the subject of another unsuccessful bill that was slightly off the path of general legislation. Sponsored by a House Republican, that one would make owners or keepers of vicious dogs confine their pets when ordered to do so by authorities.

The House approved a \$100 to \$300 fine for any owner who failed to take appropriate action but the Senate did not act on the measure.

The House almost created a major problem over another "official state" proposal. There were two separate bills suggesting that each of a pair of songs be designated the official state song.

Early in the session the House approved the selection of "Pennsylvania" by Gertrude Martin Rohrer. Then almost a year later another bill proposed to make "My Beloved Pennsylvania" by David Lincoln Cershel the official song.

First Dies

The first bill died in Senate Committee and the second never passed the House finally.

One of the first of more than 2,100 bills submitted to the House would have meant a good deal of new work for photo studios of the state. It proposed to ban the use of old photographs during campaigning by candidates for election.

It would have outlawed publication or display of photographs more than a year old by any candidate for public office during the 60 days prior to election. Its sponsor said it was designed to stop use of "deceptive" pictures. The bill never gained committee approval.

The state would go into the lottery business under terms of another bill that never reached the floor of the House. Presented by a Philadelphia Democratic lawmaker it proposed that the state government sell lottery tickets at 25 cents each through the state liquor stores.

Jose Aguero of Tulane is ranked first in the 1955 national collegiate tennis rankings.

SHORTWAY ROAD MAY BE PART OF FEDERAL SYSTEM

WASHINGTON (AP) — The Keystone Shortway Route between Stroudsburg and Sharon, Pa., is being considered for inclusion in the new federal network of roads.

Robert E. Royall, chief of the U.S. Bureau of Roads Research Reports Branch said Tuesday that, at Pennsylvania's request, the matter is under study, but it might be sometime before a decision is reached.

The proposed 350-mile road, authorized by the 1955-56 Pennsylvania Legislature, could become a part of the federal system—instead of being controlled by the state—because of Congress' recent action authorizing an additional 1,000 miles for the federal system.

In plans made in 1947 under which federal routes were loosely fixed, only 40,000 miles were considered. Final congressional action allowed for 41,000 and several states, including Pennsylvania, are understood to be seeking an increase in their federal allocations.

Under the federal program, the government pays 90 per cent, the states 10 per cent. In the 1947 plan, Pennsylvania proposed one general route leading from the Scranton area to the Erie area. It was not listed as such but was taken generally to mean improvement or relocating of U.S. 6 which crosses the northern tier counties, a route paralleling the proposed shortway.

One possibility for securing federal aid for the Sharon-Stroudsburg road would be to designate that route as Pennsylvania's substitute for the original Scranton-Erie proposal.

Royall said it could not be determined yet how much latitude Pennsylvania would be given in changing its original proposal.

Have New Plan To Train Examiners

HARRISBURG (AP) — The State Banking Department has a new plan for recruiting and training bank examiners.

Secretary of Banking Robert L. Myers said Tuesday six men have been selected from Pennsylvania colleges to star the plan. They became employees of the department last week.

After a preliminary training period of two weeks in Harrisburg, they will be placed in cooperating banks for a 21-week instruction course in fundamentals of bank operations and procedures.

When the training program is completed, the men will be taken back into the department examining force, Myers said.

The six beginners are: Thomas M. Desch, Harrisburg; Lawrence G. Stoner, New Wilmington; Charles W. Bunce Jr., Erie; Alexander J. Laffey Jr., Wilkes-Barre; George M. Yeager, Reading; and Edward J. Painter, Grove City.

Myers said the plan was to designate that route as Pennsylvania's substitute for the original Scranton-Erie proposal.

Royall said it could not be determined yet how much latitude Pennsylvania would be given in changing its original proposal.

ACTOR, QUAKER ARE SUBPOENAED BY HOUSE GROUP

PHILADELPHIA (AP) — A subcommittee of the House Committee on Un-American Activities prepared today to question a stage entertainer and representatives of a Quaker unit from a Philadelphia suburb.

Subpoenaed to testify in the subcommittee's investigation of a report on "blacklisting" of entertainers was actor Jack Gilford.

The report was issued by the Fund for the Republic and named Gilford and Gale Sondergaard, another stage personality who was questioned Tuesday, among others as having been blacklisted because of allegations of Communist associations.

Quiz About Fund

The Quakers will be asked questions regarding the Fund for the Republic's \$5,000 award to their William J. Jeanes Library at suburban Plymouth Meeting.

Cited by the Fund for "courageous and effective defense of democratic principles" in refusing to fire librarian Mary Knowles, Committee counsel Richard

the Quaker community library was given the \$5,000 in June of 1955. Mrs. Knowles, 46, had refused to answer questions about Communist party membership before the Senate Internal Security subcommittee.

Miss Sondergaard told the subcommittee Tuesday her inability to get work in Hollywood after her 1951 appearance before the House group "has not been accidental. I think rather that it might be construed as a blacklisting."

She said she believes her alleged blacklisting was a result of invoking the Fifth Amendment in refusing to answer some questions five years ago.

"Do you believe," asked Rep. Velde (R-Ill.), one of the three members of the subcommittee, that "you would not have been discriminated against if you had given the committee the benefit of your experiences in the Communist party when you appeared in 1951?"

After consultation with her counsel, Thomas D. McBride, Miss Sondergaard said she would "be delighted to answer" but considered it wiser to follow advice of counsel. McBride advised her that her opinions also were constitutionally privileged and further, that the question implied that she had once been a Communist.

RAISE TRANSIT FARES

HARRISBURG (AP) — The Wilkes-Barre Transit Co. will increase its fares by five cents, effective Aug. 5.

The Public Utility Commission yesterday authorized the boost in base fares from 15 to 20 cents. The new schedule also will allow a 10-trip ticket for \$1.80.

Arens led Miss Sondergaard through a host of questions regarding alleged Communist activities. Just as she did in the hearing five years ago, the actress invoked the Fifth Amendment against self-incrimination.

After she was excused as a witness, Miss Sondergaard released a statement saying the questions being put to her were already a part of the committee's record and for it "to recall me here at this time while I am deeply involved in a creative work, the first in five years, can only be construed as an act of harassment."

30,900 Made Idle By Steel Strike

HARRISBURG (AP) — The State Labor and Industry Department reports 30,900 Pennsylvanians now are idle due to the steel strike which began July 1.

The department reported Tuesday that an additional 1,700 workers were idled between Friday and Monday of this week as a result of the strike.

Of the total unemployed because of the contract disagreement, the department said 26,800 are in non-manufacturing industries and 4,100 are in manufacturing industries.

Is the Rash of Measles Infectious?

No, the disease is apparently spread by direct contact with eye and nose secretions of infected patients, particularly before their skin has developed a rash. To avoid complications of a far more serious nature than measles, the patient must be kept quiet.
